SUMMARY

Packaged App Development Associate with hands-on experience building full-stack web applications using C#, ASP.NET Core MVC, Web API, Entity Framework Core, and SQL. Experienced in developing RESTful APIs, integrating front-end and back-end components, containerizing applications, and working with Azure and Azure DevOps. Continuously expanding my skills in cloud technologies, application development, and modern software engineering practices.

PROFESSIONAL EXPERIENCE

Accenture - *Associate Packaged Application Software Engineer* **Present - July 2026**

- Developed a full-stack Watch Catalog web application using ASP.NET Core with Web API, implementing CRUD operations and API-based communication between the front end and backend applying application architecture, and data management.
- Developed a Visitor Visa Application Portal using ASP.NET Core MVC, designed to capture and manage visa application information through a structured web interface. Applied MVC architecture, form handling, validation, database integration

INNODATA - *AI Analyst/LLM Practice* **May 2026 - Aug 2025**

Contributed to developing, evaluating, and refining large language model (LLM) solutions. My role involves data annotation, prompt engineering, quality assessment, and model output analysis to improve AI performance and accuracy. Collaborate with cross-functional teams and to many different projects to ensure high-quality deliverables and support the continuous improvement of AI-driven systems.

SYMPH- *Software Engineer/Data Analytics Intern* **January 2025 - Aug 2024**

Assisted in day-to-day operations including client communications, property listings, and documentation. Gained hands-on experience in coordinating property viewings, preparing contracts, and maintaining client databases. Supported agents and brokers with market research, lead generation, and administrative tasks.

TECHNICAL AND DEVELOPMENT SKILLS

Fullstack Development
- ASP.NET Core
- Java Spring Boot
- PHP
- React/React Native

Industry Skills
- Microsoft Foundry
- Azure DevOps
- Azure Integration Services

Cloud & PaaS Development
- Amazon Web Service
- Azure App Service
- Docker/Podman
- Kubernetes

Data Analytics & Tools
- Postman/Swagger
- Android Studio
- Git
- Microsoft Power BI

EDUCATION

Bachelor of Science in Computer Science
University of Cebu Lapu-lapu and Mandaue
Computer Studies
A.C. Cortes Ave. Looc, Mandaue City, Cebu

June 2025 - August 2021

CERTIFICATES

Data Visualization and Analytics with Power BI
UCLM: Computer Lab 2
October 5, 2024
Proctor: Dr. Janette Q. Tanquis

Microsoft: Azure AI Apps and Agents Developer Associate
AI-103
Sept 06- Sept 7 2027
Microsoft

Accenture Tech AmplifAI Program
Accenture
November 24, 2025 to February 13, 2026
HR Lead: PIE PALPALLATOC
